ATTNO MS. JIPING LU PRIMARY EXMINER MT UNIT: 3749

I have received notification from The USPTO from the examiner LU, JIPING from the ART UNIT 3749; Notification Of Abandonment for reason #2 (PTOL-85), Applicant failure to pay the required issue fee and publication fee, if applicable, within the statuatory period of three months from the mailing date of the Notice of Allowance and the issue fee and publication fee, if applicable, has not been received.

I am surprised because I didn't receive the allowance notification. I don't know what could have happened. My intention has always been to maintain this patent. I would like know what I have to do in this situation. And my intention is to pay the expenses involved.

I would appreciate it if you can tell me how to resolve this embarrassing situation. Well the motive of not making the corresponding payment has been the non-reception of the notification by The USPTO. I don't know if the responsibility is with The USPTO or The US Mail or The Spanish Mail. But what is sure is that I have never received this notification.

I think it is understandable that if I weren't interested in this patent I wouldn't be in contact with The USPTO.

If you need to contact me please do so at the following telephone 0034-91-650-2475 or fax number 0034-91-650-6355

In any case I would like to speak to somebody about this matter to resolve it as soon as possible. Quite honestly I am very worried about the situation.

Oliver Ralf Petri
